Mr. Ringel & Mr. Rodrick,

Thank you for your time and for discussing the Cellulosic Biofuel projections with me, Mr. Heebe and Mr. Connick from River Birch, and Mr. Scalise's Chief of Staff, Mr. Henry, yesterday.

Are you in a position to receive and keep Confidential Business Information (CBI) submitted to EPA?

As discussed, I have previously submitted RNG project data as CBI to Dallas Burkholder. You mentioned that I should direct future submissions to you as well. If you can receive CBI I can expand the details of the "under construction" list I gave you yesterday. If you are unable to receive CBI, I will gladly pursue waivers from my member companies and provide you project details and sworn affidavits from as many projects as possible in short order. Please advise.

We will, of course, participate in the comment period. However, your early and continued engagement is very much appreciated.

On behalf of the Renewable Natural Gas industry, Thank you.

Yours in Service,

David

Aaron,

In July you met with myself, member of the RNG Coalition, and Congressman Scalise's Chief of Staff Charles Henry regarding the cellulosic biofuel projections for 2018. We greatly appreciate your continued engagement on this matter.

The RNG Coalition's RVO comments, supporting data tables and signed affidavits have posted to Regulations.gov. You can access them by searching our tracking number: 1kl-8yem-9yo4

Attached are the 8 Affidavits that did not waive Confidential Business Information (CBI) and are therefore not posted to the public site.

I have also submitted these to: Ryan Jackson, Mandy Gunasekara, and Dallas Burkholder.

Please let me know if I can be of any assistance on this, or any other, matter.
